

Alton SEND Independence Hub Open Events

HSDC Alton Campus are passionate about offering a curriculum for young people with severe and complex learning difficulties. Through the development of our Independence Hub, we have designed a curriculum about preparing for adulthood including developing independence, health, engagement with community and wider college and having access to employability skills and opportunities.

We know making the right choice for a young person's post 16 education can be hard, and we are happy to support you with understanding your choices and exploring our offer.

We would like to invite young people and parents from year 9, with severe learning difficulties and/or complex needs to visit the site and learn more about the physical space, curriculum offer and talk to us about your needs at post 16, and how we might support you through transition to adulthood.

Please feel free to drop in during one of our upcoming open events, if this is not suitable, please contact Sophie Owen (01420 592408 Sophie.Owen@hsrc.ac.uk) to organise a separate time to visit.
